GOOD PROSPECTS OF DRILLING FOR OIL HERE

Calgary and Medicine Hat Men Secure Oil Rights of Large Block of Land between Carlstadt and Tide Lake

RUSH TO SECURE SHARES IN NEW COMPANIES

Is Alberta on the verge of the greatest era she has known? It certainly appears so, with the very best of oil indications all over the southern part of the province and with the first well drilled, yielding over one hundred and fifty barrels per day of 65% pure gasoline oil. Cunningham Craig, one of the foremost oil experts in the world, is quoted as being of the opinion that one of the biggest oil fields of the world has been located, and drilling indications in other wells seem to bear out his statement.

That the people of Alberta are confident that oil is here is shown by the fact that over one hundred and fifty companies capitalized at several billion dollars are being floated. Probably two-thirds of the population, men, women and children, have purchased all the oil stock that they can handle—and in some cases money has gone to the oil broker that should have gone to the grocer.

Excitement in Carlstadt has run high. Those who have insisted there was no money here, have been greatly surprised to see some ten thousand dollars dug up, so to speak, and changed in oil stocks.

Over the long distance telephone the News learns on the very best authority that leases on several sections between here and Tide Lake have been secured by C. S. Pingle N.P.P. for this constituency. C. F. Jamieson, editor of the Medicine Hat Times and R. E. Campbell, M.P.P. for the Rocky Mountain Constituency. The last named gentleman is connected with the British Canadian Oils Limited. An effort is being made to secure the services of Cunningham Craig to locate the best spot in the Carlstadt district for drilling.

One of the above named gentlemen, with whom we were speaking, said that they regarded the indications in this district as very promising, as surface indications were most favorable and wet gas is found here.

The Medicine Hat Times Tuesday morning carried an item to the effect that a number of men of that city were considering forming a company to drill in the Carlstadt district.

There has been a rush to secure oil rights. Several syndicates have been formed to file on all the land in the vicinity of Knudsen's place north of town, as well as a number of sections south of town.

H. W. Johnson called a meeting of the business men in the Great West hotel Wednesday evening. He informed the meeting that he had been in communication with the directors of the British Canadian Co., and that they had assured him that if Carlstadt would take shares in the company to the extent of \$10,000, drilling would start within four months—otherwise it would not start within a year. There was considerable talk, and it was decided that Mr. Johnson should make a thorough canvass to see how much could be handled here.

Secure Oil Rights Here

We understand that upwards of 10,000 acres of this district have already been filed on for oil rights. Sections 19, 20, 30, 31, 32, 33, of township 16, range 10, and sections 6, 7, 18, of township 17, range 10, have been secured by the British Canadian Oils Ltd., and several local syndicates have obtained the rights on smaller parcels.

A. R. Prendergast's barn at Hoskin was destroyed by fire this week.

LOCAL AND GENERAL

E. L. Thomas arrived from Champion last Friday evening.

A. J. Edmonds and G. Thompson are opening a real estate and law office in the Imperial Oil building.

A bill is now before the House at Ottawa, to amend the naturalization laws. Under the new bill, it will take five years' residence to become a Canadian citizen.

Miss Cher, teacher of the Chub school, went to Calgary Friday night on business connected with an oil lease she holds, in the neighborhood of the Black Diamond operations.

The funeral service of Mrs. A. A. Smith, who died in Greenwood, B. C. last week, were held this afternoon in the Anglican church, Rev. Cunliffe being in charge. Interment was in the Carlstadt cemetery.

Harold Lynn, infant son of Mr. and Mrs. J. M. Torson, was christened by Rev. Cunliffe at the Sunday service of the Anglican church. Mr. and Mrs. A. J. Theroux were the sponsors.

Arthur Pratt, formerly proprietor of a livery stable here, arrived in Carlstadt Saturday for a visit with friends. He is now located at Bruce Mines, Ontario, where he has purchased a 100-acre farm and has settled down to "the simple life."

The Farmers Hotel is now under new management, J. Scott is now proprietor. Mr. Scott, recognizing the fact that the people want the best, is prepared to give satisfaction to all his patrons.

Harry and Herbert Johnson went down to Hat on Sunday night. Herbert returned Monday, Harry going through to Calgary. Herbert ran in the seven mile race, while there, but his ankle that he strained during his training, troubled him so that he had to finish walking. In spite of this he came in third. The winner, J. Francis, of the Hat, covered the distance in 42 minutes, while Herb's time was 48.

Many Important Matters Settled

In common with the spirit of the times, gas and oil were the chief talk at the Council meeting Tuesday night. It was the councillors opinion that it was possible for Carlstadt to secure a gas supply if the oil field here materializes. Land adjoining town had been filed on for oil and gas rights; if the company who hold it decides to drill, the Council want to be in a position to offer a franchise to supply Carlstadt with gas. The secretary was instructed to write to Edmonton for information as to the granting of franchises.

Also a number of important matters were brought before the Council for settlement. H. Broderson was appointed village constable on a month's trial. It shall be next of duty to see that the unwholesome spots around town are cleaned up and kept clean. Cleanliness is next to godliness, and is absolutely necessary in order to avoid disease.

For \$35, a shack was purchased from C. H. Wagner. This will be placed on the town lots and used to house the fire engine, hose, and tools. While it will add nothing to the appearance of Broadway, it will protect the apparatus and tools from the weather and from theft.

It was reported that the town well was improving, and that there seems to be a better supply of water every day.

The matter of an assessor being brought up, Vern Starr was appointed, remuneration \$50.

About \$1000 delinquent taxes remain unpaid, according to a report presented by the secretary-treasurer. The constable was instructed to take immediate steps to collect same.

A suggestion was made that the 1st of July should be celebrated in Carlstadt. The matter met with hearty approval. It was decided, that the matter could be handled best by the Board of Trade, so that it will be brought before that body at its meeting next Wednesday evening.

A bill of \$2.90 to the Starr Lumber Co. was ordered paid.

Chairman Cotter presided, with Councillors McDiarmid and Wagner and Secretary-Treasurer Starr present.

O. T. Craigwick has received news that his mother has just died in Iowa. Mr. Craigwick has only recently left there and the news was unexpected.

Ira German, of Jenner, was in Medicine Hat this week for a couple of days.

Dr. McEwen and Mrs. McEwen and Mr. and Mrs. A. J. Drummond went in the formers Ford to the Hat on Victoria Day. The dust storm took all the pleasure out of the trip "Say A J" "No more Medicine Hat for me on a windy day."

Important meeting of Board of Trade next Wednesday evening to consider a First of July celebration. Every business man or person with the interests of the town at heart should be there. Wednesday evening, June 3rd.

Lewis Asland left Wednesday evening to return to South Dakota, going first to Yebbin. His friends wish him luck.

Mrs. E. K. Johnson, of New York, arrived last week to visit her sons, Harry and Herbert, proprietors of the Great West hotel.

F. E. McDiarmid will have charge of the government stallion during the season.

It is conceded that roller bearings reduce friction and draft and increases durability. But it is impossible to put roller bearings on a wooden wheel wagon, on account of the tapered skein.

A successful roller bearing wagon must necessarily be a steel wheel wagon. The trick was to make a steel wheel that would stand the severe strains to which wagon wheels are subjected.

With this accomplished, the rest was easy.

THE "DAVENPORT ROLLER-BEARING WAGON" has a tension wheel that will last as long as the best wood wheel made.

The result is a successful roller-bearing wagon with distinctive features which make it a profitable wagon for farmers to use.

FOUND LAW CASE OF WIDE INTEREST

Before C. H. Wagner J.P. on
Friday afternoon last, A. Lee was
charged with illegally impounding
cattle, the charge being laid by
William Henry. The American
Restaurant, where the trial took
place, was packed to the doors with
interested farmers and townsmen.
On the final result depends the
validity of the pound laws in force
in the King Rural Municipality, so
that all who could, were present to
hear the proceedings. After hear-
ing the evidence, Magistrate Wagner
gave his decision as follows:—

"On reading Bulletin No. 4, we
find that a Rural Municipality can-
not make a by-law that will in any
way conflict with the fence ordi-
nance which is to remain in force, and
the section referring to the present
case reads as follows:—

"No action for damages caused
by domestic animals shall be main-
tained, nor shall domestic animals
be liable to be distrained, for
causing damage to property, unless
the same is surrounded by a lawful
fence."

"Accused pleaded that the cattle
were on his crop at the time of
seizure and that the crop was two
inches high and also that he did
not have a legal fence.

"There was a doubt in my mind
as to what the meaning of the word
distrained meant in this case, so
therefor took the interpretation and
explanation the Rural Municipality
of King No. 153, had put on it, as
this case is in their district.

"On reading their by-laws, sec 7.1
found that to detain an animal, was
to seize an animal and drive it
to the nearest pound, etc."

"As the fence ordinance says
that cattle or stock cannot be dis-
trained, I give my decision against
the accused."

The magistrate however, said that
he fully understood that no malice
was intended on the part of the
defendant, so would only order him
to pay the cost of the trial.

We understand that the council
of King Municipality will carry the
matter to a higher court, as they
understood they were acting under
the approval of the Attorney Gen-
eral of the province. The outcome
will be awaited with interest, as it
of great importance both to the
steader and rancher. Under the
pound law it is up to the owner of
stock to keep them at home;
while if Magistrate Wagner's de-
cision is upheld, every farmer will
be forced to fence their crops.
A. J. Edmunds acted for the de-
fendant. Constable Thompson was
the officer concerned.

RANCHERS MUST PAY SCHOOL TAX

There has been considerable dis-
cussion as to whether school districts
had the right to tax land leased for
ranching purpose. For some time
the question has been a vexed one
between ranchers and school trust-
ees.

Recently a rancher took up the
matter with Loughhead & Bennett,
the well-known Calgary legal firm.
This firm of lawyers, after going
into the matter carefully and giving
it thorough consideration, have ad-
vised their client that he had better
pay the taxes, as he is not liable to
win out if he takes the case into
court.

A. Dewar was in Medicine Hat on business last week.

The picnic and baseball match between teams representing Tripoli and Brutus, took place on Saturday last and was a big success—we mean the lunch, not the game. A very exciting and fast game of baseball was played. In the first four innings the play was good and it was hard to say which team would win, but in the fifth inning Brutus went up in the air, and allowed Tripoli to score nine runs. The ended in a victory for Tripoli, the score being 18 to 12. Verne Starr of Carlstadt acted as umpire, to the satisfaction of all.

The Brutus Boys desire to thank the ladies who attended the picnic for their valuable assistance in preparing the lunch. To the people of the Brutus district who did not attend, we will say nothing, but we thank a lot.

NEWS OF THE WEEK

Mrs. Will Rowatt, mother of F. F. Rowatt and Mrs Wm McNabb, passed away in Rouleto, North Dakota, on Sunday, May 17th. Mrs F. F. Rowatt, who was called from here, arrived in Rouleto the day before, but Mr and Mrs McNabb, of Vancouver, did not get there until after the aged lady had passed away.

The News last week secured the printing of prize lists, ribbons, exhibit tickets, award cards etc. for the Irvine Fall Fair, to be held in that town. Good type faces, careful work, and honest values characterized our job printing, as is signified by the securing of the Irvine contract.

While in Irvine last week we had the pleasure of a chat with Corporal Corby, known to practically everyone as the popular R. N. W. M. P. officer in this district up till about a year ago. Since his retirement from the service, he has been secretary-treasurer of the town of Irvine, where he seems to hold the same esteem and good will of all.

Edward H. Smith, of Carlstadt, has received notice of his appointment as a commissioner for taking affidavits.

Constable Thompson wishes to call the attention of the public to the fact that it is unlawful to have foot races, horse races and such like on Sunday. In case of any further violations of this sort, prosecutions must be expected.

C. J. Gehring, proprietor of the Farmers' hotel for a year past, has retired from the business and Jack Scott is now in charge. Mr Scott invites your patronage.

Mrs. J. A. McDonald and little babe, of Gleichen, arrived Friday evening for a short stay at the home of her brother, Dr. S. F. McEwen.
